 - Food
 - Aerospace
 - Water
 - Medical
 - Environmental
 - Social Accountability
 - International Security
- Conducting internal audits and producing audit reports.
- Preparation for your certification or surveillance audit.
- Witnessing your certification or surveillance audit.
- Providing post-audit technical and mitigation support.
- Provide OEM audit assistance.
- Internal auditor training.
- Streamlining existing management systems, making them work better.
- Helping with your registrar selection process.
- Determining what level of management system you need. e.g. Certification vs. Compliance.
- Assist you with the development of a streamlined management system manual.
- Providing a temporary or fractional Quality Manager.
- Increase Management System transparency and employee engagement.
- Audit prep for CEO.
- Assist top management with understanding and optimizing their management system.

We've helped hundreds of manufacturers with ISO, we can help you too.

ISO 9001:2015
SA-8000 SOCIAL ACCOUNTABILITY
QSR/GMP MEDICAL/PHARMA
AS-9100 AEROSPACE
IATF 16949 AUTOMOTIVE
ISO 14001 AWS WATER STANDARD
ISO 13485 MEDICAL DEVICES

When it comes to the world of ISO and management system standards, WMEP has you covered. We can perform an assessment of your current status to the requirements of the standard, work with your team to the extent you require to achieve certification.

We can also be your source to conduct an internal audit of your system.

WMEP personnel can work either as a coach or as an active participant in implementing your system.

WMEP's Value Proposition

060419

How we're different	Why it matters	How clients benefit
We are an end-to-end solution. From supply chains to sales, we have the capability and networks to positively impact your business.	We understand the contributions of the pieces to the whole and use this understanding to help you optimize your enterprise.	We can identify the most impactful enhancements to make to your business to help you achieve your objectives.
We have extensive experience across all major manufacturing industry sectors in Wisconsin.	Our breadth and depth of experience working on projects and companies similar to yours increases our speed and effectiveness.	It takes less time for our staff to learn your business and objectives. We apply proven solutions to your business challenges.
We are all about manufacturing. We work with everyone and anyone who is committed to the success of manufacturing in Wisconsin.	We get manufacturing, and we're ready to roll up our sleeves and get to work to help you be successful and achieve your objectives.	In addition to our talented staff of experienced manufacturers, we provide access to our extensive national networks of industry experts.
We are evaluated by the results we produce for your organization. Your success is our reward.	Our objectives are aligned. We only recommend solutions that will help you achieve your business objectives.	Since the year 2000 we have generated over \$3.0 billion in total financial impact for our state economy, averaging slightly over \$450,000 per project.
